RECEIVED

MAY 20 1999

LETTER

GROUP 3600

Please replace Figures 1 and 2 with the enclosed Figures 1 and 2. The change to Figure 1 is that the up arrow 36 has been eliminated. The amendment to Figure 1 reflects the fact that, technically, signals are only received from the GPS satellite and none are transmitted to it. The change to figure 2 is that arrow 34 has been made double headed. The amendment to Figure 2 corrects an obvious error. Copies of these revised Figures have been sent to the Examiner.

Respectfully submitted,

Norton R. Townsley
